

You think you can't do it but I bet I can,

You think I can't do it but I know I am;

So you want to do it then I'll let you do it and see,

I think I can't do it but just wait your turn and watch me.

You think you can't do it and then just write what you like,

You think I can't do it but it's as easy as riding a bike;

I think you can't do it but believe in yourself and you will,

Trust God to help for you to see it all away to come true.

You think you can't do it but I can if I just try,

I know I can do it just as easily and men fly through the sky;

You want to do it for you but I want you to do it for me,

While all things on earth turn and everything is all casually free.

You think you can't do it well I have got news for you,

You can really do it and all the words have to come true;

I think I can do it because I wait and God teaches me,

I think I can do it because you read me and tee thee.

You think you can't do it but sit down and have a real good go,

Do everything that you can and wait and plan for you to know;

When I think I can't do it, that is exactly what I must do,

For when I wait and plan God relates it and it is all brand new.

You think you can't do it but actually it is happening right now,

As I write down these words you are getting ideas on just how;

Well if we think we can't do it we had better relate and rethink,

For when God says we can't do it, we should not do it at all, but link.

Signed,

I did it again
