

Sail away sail away,
It's adventure on its course;
Sail away sail away,
It's heading towards the north.

Sail away, sail away,
The island cruise of dreams;
Sail away sail away,
To a place that life only seems.

Sail away sail way,
Across the blue horizon;
Sail away sail away,
With sunsets when the skies home.

Sail away sail away,
To places so far told;
Sail away sail away,
To tales and places of old.

Sail away sail away,
To endless days in time;
Sail away sail away,
To write another rhyme.

Sail away, sail away,
My God is calling me;
Sail away sail away,
The story is yet to be.

Signed,

That Yacht we spoke about
