

Strictly this and strictly that, she sat on the perch,

To purchase the bird or fish, he had to encroach or poach;

The bird on the perch or the fish she did poach,

To poach and egg from the bird with the fish called perch.

.

I had it all in the palm of my hand like the fish and egg,

The bird was the word for eating with money to pay and beg;

But strictly the egg came from the fish called caviar or roe,

The abalone or scallop was strictly the second best go.

.

Strictly it was too hard to suffer for and simply too hard to know,

But a bottle of wine and the steak special as the garden grow;

Strictly speaking I was on my own but at the other table three,

A man on the planet and two women one had a red eye like me.

.

Another table a man like me on his own so there's three men,

The other women was strictly too hard for me to pick with my pen;

It was in a palm beach club and one of them might have a hen,

Red, the white and the blue they were each wearing added up to ten.

.

The man with the women was nearly ninety and might be one of them,

The other man like me couldn't see because like me watched God then;

So now strictly meaning the answer was the healing to the red eye,

The three had a bottle of wine and he had it all to his, to lead I.

.

So now I was not strictly dressed or bred to be the best man then,

But the bread on the table was his, so now at one hundred I'm ten;

So strictly the head is God who like the other men and me wanted more,

But she was more strictly bred and the bread at the table was poor.

.

Signed,

Law for pour.
