

Welcome to this of what is the best resort,  
It is a reason to live and for your love support;  
The purpose for pleasure and beauty defined,  
It is a tropical paradise to sip tropical drinks.

The best resort is to do what you say and mean,  
Top end up where you said you would and enjoy the visit;  
It is an island tropical resort and paradise,  
And it is the place to visit and spend your time.

I love the blue pacific, its might and majestic splendour,  
It's all encompassing power as the biggest and the best;  
Its reason to command respect and life to take and reject.  
But its love is in the people who have their island homes.

To Tahiti or The Cook Islands, Samoa or Tonga,  
The Barrier Reef Whitsundays, with The Island Resorts;  
Of Daydream Island or Hamilton and Green and Hayman,  
Islands of tropical paradises were the best resorts.

I think she is there waiting for me to come and take a wife,  
To touch her with the love of God, that is an eternal delight;  
To take her by the hand and offer her my life,  
To marry for ever after, in a perfect heavenly delight.

This will be our honeymoon to an island paradise resort,  
Where the best resort becomes to life blessing fullness still to come;  
I love to touch her softly and hold her tender hand,  
To lead her to bed with me for the family we make and plan.

Signed,

Forever perfect love
