

God has the answers to everything you need,
All you have ever wanted or required or read;
You can't put a price on the universe,
And your soul is the best thing you can have.

.
This is not a trick question,
But have you got what it takes to make it;
To find contentment on earth,
And the treasures of heaven.

.
For the winner is the grinner,
In a spiritual world and place;
Where paradise is in space,
Heaven the faith on your face.

.
If ten and ten is twenty,
A thousand a number in time;
A million the meal on the table,
And laughter quite a serious crime.

.
English the language we speak,
Science the true point of view;
God the master of theology,
And maths the mass that is due.

.
Then all the answers to everything.
Are just found in me and you;
From one holy and omnipotent God.
To those who love him and trust him only.

.
Signed,

Then the answer is this.
