

God had faith, who became Queen Victoria,

She has ten children who became the Royal Family;

From England to Europe and Jesus was the last,

Who was going to be King of America but didn't quite last.

Elizabeth the first was Victoria's mother,

And Mum and Dad were Gods parents and lovers;

God spoke the word in each countries language,

And it was written by me at age ten in English.

God wrote the first Bible which was his prophecy,

An account of what he wanted to be fulfilled and profit by;

I wrote the Second Bible and made up story and words,

Now a genealogy fulfilled which we live around the world.

God built all the great buildings of days gone by,

Now ancient ruins and majestic structures that lie;

The cathedrals and churches all tell their story,

Of how Jesus was God's son and King of all glory.

God sails around the earth and discovered all land,

As the praises ring out to his powerful loving hands;

He is the creator and life of the universe,

The Universities started by him and twelfth son Peter.

God's eleventh son was an Aboriginal whose Dad was the devil,

Who took on Jesus' name until the earth was realised not level,

Who took the place of Jesus sing on the cross,

Now has lived and been leader and is called John the Boss.
