

I have to make out of me and you make out of you,

Because my work is mine and I work for me and you;

If you pay me, you make out of me and not out of you;

So you must make out of I because I have time for you.

I have to make out of me because my life is my own life,

And you have to make out of you because you have a different life;

If you're life and mine can co-inside then life is made out of us,

But time and money are prime requisites and that cause a lot of fuss.

Food costs money it is fair to say and we all have to live on that,

We have to work it out and chew t over and think a lot about that;

So I have to make out of me because it is me who wants to do it,

And you want to make money out of me, there is another pen to live it.

Now I have to make money out of me and it will take the mint to do it,

And I don't like suffering for metal and don't eat mint for years for it;

So the best thing we can do is have a heart for other peoples work,

So that I can pay you with what make out of me for what you're word is.

And if you can make money out of things well good luck to you to do it,

But as for me and what I want it takes a lot of time and law for it;

So I have to be fit and understand the message God has for me to do it,

And it is about doing th right thing to be happy with time enough for it.

Well I made money out of me by putting it all down in writing,

Then I went and spilled a drink of mineral water unfortunately;

So when I wipe the table dry I drink there is enough time for you to read,

And I went to the toilet while writing this to finish myself and relieve.

Signed,

One Forty Four
