

Step by step each breath of the way,

God's love shines forth to burst out of day;

Cities and places and the route that we take,

Is repeated perfectly kindly for the things we make.

.

And in the same way should our hearts be to others,

Perfectly kindly to parents and friends or sisters and brothers;

From London to Paris then Zurich and to Venice Rome,

America or Canada the rest of Europe and home.

.

In peace I do ask for a perfectly kindly way,

When black and white is right and wrong, anything else grey;

From property and development to business and work,

Doing things properly should be done all around the world.

.

And the best way to learn is to be taught what is right,

That you would understand what you read, to know what to write;

Having being things perfectly kindly is the best form of love,

That you would have faith in God who leads from above.

.

And the language you speak should be the form you hear,

That from country to country when your there you are here;

Perfectly kindly demands respect all of the time,

Even when written down in books of poetry and rhyme.

.

And if you forsake and doubt in your heart,

Remember the forgiveness will double your smart;

It's not what you're forgetting but will now impart,

That your future is brighter, if you turn and restart.

.

Signed,

Self Reflecting.
