

One new way each one new day,

One new pay for each new way;

When the old way is done better,

It's a better one new pay,

.

For the truth of doing differently,

Is one new way each day to pay.

One new day is one day more,

And one day more than one day poor,

.

And one more way to turn and read,

Is one new day more sure.

For one new day is every day,

And everyone needs a new way each day.

.

For the one new day is a way to pay,

Is the earth turning around once more?

And the best new way is one new day,

With one new day all on the way,

.

For with one new way, it's always sure,

To be one more day not poor.

One new way for each kind of day,

Is one new way each for sure,

.

And one way is one new way,

Which never can be a bore.

So pick your pay each one new way,

And learn and earn it for sure.

.

Signed,

One New Day.
