

Men preferring men and women.

Is a disability and disease in being written;

I can't do it and neither will I will,

Commit sexual horosities which hurt the world.

.

The word which can or can't be twisted wrong,

And the time they need is always too long;

Just because it is possible doesn't make it right,

Because the right of written is to read black on white.

.

Putting things where they don't go or fit or belong,

Brakes people in half to pee pea pills all day long;

It's painful and wrong and hurts heart hard as well,

Because a man and a woman have children naturally well.

.

The ability of money is always just physically everywhere,

That human behaviour and attributes in character compare;

The morality of the issues, must be understood totally wrong,

Because they keep on trying to do it nearly all day long.

.

They help in the hindrance of hurting the others,

Who have faith in God and are all beautiful lovers;

The marriage bed must be kept faithful to all heterosexuals,

Where aids is not spread but manifest in homosexuals.

.

I believe and am told to love the sinner not the sin,

Where Jesus is forgiving and in life does he win;

Not forgetting the cost or the price of it all,

For the cross between heaven and hell is a hall, ball and call.

.

Signed,

Prefer Paradise.
