

It's a sad moment ,
When you realize the worlds corrupt;
It's a sad moment,
When your down and ready to erupt.

It's a sad moment,
When you have got a care;
It's a sad moment ,
When you've run out of love and prayer.

It's a sad moment,
When everything around you seems wrong;
It's a sad moment,
When you can't ever think of a song.

It's a sad moment,
When you don't have a woman in your life;
It's a sad moment,
When you have faith but are always in strife.

It's a sad moment,
To be living on a beautiful day like this;
It's a sad moment,
When God can't enjoy your bliss.

It's a sad moment,
Living on every day;
It's a sad moment,
Perhaps on earth forever to stay.
