

Peace of mind a simple ask,  
But often an effort and extra task;  
War and hell well what's it worth,  
Isn't it better to have peace on Earth.

Love of one's brother to all mankind,  
Love of God is the best I find;  
Truth and wisdom give us knowledge to deal,  
To seek the peace of the heavens and make it real.

Mountains and streams a tranquil feel,  
Or peace like river as cold as steel;  
The wind through the trees a peace to hear,  
Eternity waiting, a peace not to fear.

The smell of the flower, their fragrance so sweet,  
A breath of fresh air, nice food to eat;  
A cool drink of water clears out the mind,  
Again peace in the offering perfectly kind.

Beauty so pleasant it fills up the soul,  
The love of the innocent, the peace of a child;  
Pleasure and treasure some idea for our thoughts,  
Peace from the hear the best to support.

Life of all kinds all mixed up in one,  
The god of all ages Lord Jesus Christ the son;  
Perfect surrender, perfect peace for all,  
Peace for the make, peace for us all.

Signed,

Sun and rainbow
