

When god made man he had to deal with sin,  
So he designed repentance that all men could win;  
You know you've a problem when you suffer in vain,  
But with repentance your sin still won't remain.

What if we die with things unconfessed,  
Will we continue a life full of stress;  
Or did God plan to perfect us at death,  
By making life end with a final breath.

Repentance to me is to omit and know why,  
Not to judge and to commit sin and die;  
Repentance is best understood by a key,  
Like why I'm on earth r why God chose me.

For why am I born if only to die,  
Thank God for repentance and remembering why;  
Life's not real funny when you're on the take,  
So that's why repentance is not a mistake.
