

Peace be with you my brothers and sisters,
For it is peace I leave you and have established it;
Peace be with you those who have listened,
Those who have followed me and have reasoned to be.

Now I give you a new commandment of peace and happiness,
And law in life f you sin no more will inherit every lastingness;
And you follow me, you'll learn from me,
And understand all my ways, for this is what I meant you to be.

I loved you dearly and I always will,
Providing you will love me and I know always will;
For the law of life of happiness is laid down in your law,
So the purpose of life will mean no strife if you learn to endure.

Now is the time for happiness the peace you've always known,
It's the meaning of life, the Christ to us, yes Jesus known now full grown;
Because the time is right for the son of man to return,
Return to you and fulfill his peace of what you had to learn.

And I tell you the truth as I told you before,
The work d must come to an end;
But in the midst of turmoil and strife,
You now have a new found friend.

And now I turn to you my friend I hope you understand,
This country full of life and sun is a lovely land;
That all the work and toil of it, is perfect and is flush,
That the happiness and point of it is love you cannot hush.

Signed,

I hope I got it right
