

What is love without love,
Does it grow on trees;
What is love in times of need,
Love of god always frees.

What is love without love,
In times of toil and pain;
What is love that is love,
We seldom seem to gain.

What is love without love,
Does the lord know only one;
Or is there riches elsewhere ,
We seldom seem to know.

But what is love without love,
Does the kindest always win;
When love is hard and hurts,
The dirt must be a sin.

What is love without love,
Can anyone really understand;
Why is love my life love,
All I wanna do is give a hand.

What is love without love,
Is there nothing precious at all;
What is love that god loves,
Is the grace most precious.

Signed,

Never be without love
