

Jack be nimble Jack be quick,

Jack jump over the candle stick;

Jack of this and Jack of that,

Jack is dexterous with his hat.

.

The thing with an agile ability, is it's dexterity,

Where work hard and fast is prosperity;

But really it's not all as simple as that,

You have to use you're head and pace yourself flat.

.

Like the tinkling in the ivory piano keys,

And the accuracy of archers bow or sword;

Dexterity is twice as good to the ambidextrous,

And different from the amputee and the amphibious.

.

As I play around with words from my pen,

The animal is awkward and food a type then;

My dexterity is with rhythm and rhyme,

Hoping to live quite a very long time.

.

So the dexterity is a free, fluent movement,

Sharp as a sting and is an A for improvement;

A quick minded wit is a fast verbal attack,

Like dexterity is physical without mental lack.

.

Now the dexterity of people is quaint intelligence,

Where a Guru is good at decisions informatively;

But the choice of the dexterous is physical happiness,

Where the dextrous need to be smart enough for spiritual awareness.
