

If you come across a dollar it's got to go somewhere,

It's no good for eating or spending on air;

You see monies only good if you spend and indulge,

On that new fast car or expanding your bulge.

.

What good did saving away those massive amounts,

In fat low rate bank accounts that never surmounts;

Don't be a spendthrift but do enjoy what you spend.

Or else someone will ride shot gun and take you for a lend.

.

I think I love spending for what ever be the cause,

Without judge and jury or an audiences applause;

Now let us see what we really have got,

Because I am afraid that I might have spent the lot.

.

I don't know what's right where money is concerned,

But I do like to spend it no matter how much I've earned;

I really should listen to some wise words on life,

For what is living without spending or being without a wife.

.

I know I'm obsessed with this spending money game,

Not quite a spendthrift because I remember the name;

But let's not mince words when life is on the stake,

Or I'll end up ditched in some kind of lake.

.

Spending is for people, who simply must buy,

Not for the grievance of failure when you try;

Now this spending idea will reach out to the sky,

But I'll spend till I'm dead or else I won't die.

.

Signed,

Don't spend it all in one place.
