

Lead life within time till it comes to an end,

Love life often enough to find a new friend;

Look to God for all time to find out the truth,

Do what you can for what is needed as proof.

.

Life is for living so lead all you can,

To establish a way and follow the plan;

Write from your heart so it's all right ahead,

Lead life for a long time till you're finally dead.

.

Lead life in your own time to build up hope,

Rhyme run and have fun and be able to cope;

Walking or talking along the road of life,

Searching out the deep to stay out of strife.

.

Read and watch out what is happening to you,

Look out and believe for a love that is true;

Lead life knowing Christ and kneel to pray,

So that he will hear you and lead back the day.

.

Lead life with knowledge and plenty of thought,

Knowing the worth of all that you bought;

Lead life by giving to wherever you choose,

Lead life loving God so that you never will lose.

.

Well finally lead life for all to advance,

So you might manage life by more than a chance;

Lead life just so rightly, right up to the end,

So your problems are solved and in God depend.

.

**Signed,**

**Are you following.**
